

Alberta Onsite Wastewater

MANAGEMENT ASSOCIATION

February 23, 2017

And the Winner is. . .

In order to raise funds for the Alf Durnie Education and Research Scholarship, the following raffles will take place at the Convention and Trade Show:

Septic tank raffle – tank donated by Alberta Wilbert Sales
50/50 draw – hosted by AOWMA

These draws and raffle opportunities will take place at the trade show.
Prizes will be distributed at the banquet on Friday evening.

In addition to the raffle, there will be lots of great draw prizes!

This year AOWMA is giving away waterproof Bluetooth speakers, Bluetooth headphones, a handheld GPS unit, and a cordless drill set.

2017 AOWMA Convention And Trade Show – On Now!

AOWMA

The 2017 AOWMA Convention and Trade Show is underway! It isn't too late to attend this exciting event.

This year we have several value added features for our delegates. Convention fees cover all convention events, including technical sessions, soils workshops, business workshops and education and research sessions. As well, we have added pre and post-convention workshops for those who either need to complete their Standard of Practice Update or those that want to hone their project management skills.

All-in-all, the 2017 convention and trade show promises to offer great educational and networking opportunities. Come out and see the trade show and participate in the activities available. We hope to see you there!

2017 Convention & Trade Show
February 23 – 25, 2017
Marriott at River Cree
Edmonton, AB

World Water Day – March 22, 2017

UNITED NATIONS

World Water Day is held annually on 22 March as a means of focusing attention on the importance of freshwater and advocating for the sustainable management of freshwater resources.

An international day to celebrate freshwater was recommended at the 1992 United Nations Conference on Environment and Development (UNCED). The United Nations General Assembly responded by designating 22 March 1993 as the first World Water Day.

Did you know that over 80% of the world's wastewater flows back to nature untreated?

On 22 March [#WorldWaterDay](#) the United Nations is set to launch the UN World Water Development Report 2017: 'Wastewater - The Untapped Resource'!

Disposal Credit

CARO ANALYTICAL SERVICES

For the entire month of March, CARO Analytical Services will be issuing a \$2 Sample Handling and Disposal CREDIT for every sample submitted to the laboratory.

More information is available on our website.
